

1971

ONTARIO BIRD BANDING ASSOCIATION

APRIL NEWSLETTER

APRIL MEETING

The April meeting will be held on Tuesday, April 20, 1971, at the home of Mr. W. Martin, 5 Larwood Blvd., Scarborough, at 8:00 p.m. The speaker for the evening will be Mr. J. Anderson, who will give a talk on his banding operation at Dundas Marsh.

HELP WANTED AT LONG POINT

An assistant is required for research project on breeding Tree Swallows at the Long Point Bird Observatory for about two months, starting no later than mid-May 1971. Salary and accommodation fees will be paid. For further details write immediately to Dr. David Hussell, Department of Ornithology, The American Museum of Natural History, Central Park West at 79th Street, New York, N.Y. 10024.

MEMBERS' ACTIVITIES

A great number of our members are actively conducting or assisting in ornithological research. Why not tell the other members what you are doing? The secretary would greatly appreciate it if you would drop her a note briefly describing your project(s)--what species are you studying? purpose? where? what time of year? size of your operation? etc., etc. We would like to publish a few such notes in each issue of the Newsletter for the next while, and we would appreciate hearing from all stations, whether large or small, brand new or of long standing. Just write to the secretary, Miss Monica Connolly, 300 Athol St. E., Oshawa, Ontario.

MEMBERSHIP DUES

Membership dues are now payable:

Single - \$4.00

Husband & Wife - \$6.00

Student (under 18) - \$2.00

Dues may be sent to the secretary, Miss Monica Connolly, 300 Athol St. E., Oshawa, Ont.

According to our records, you have/ have not renewed your membership.

If you have already renewed, please disregard this notice.
