

Ontario Bird Banding Association

May 1972 Newsletter

May Meeting

This year, the May Meeting will take place on Saturday, May 20 th., at the Toronto Island Natural Science School.

Both trapping and netting operations will be in force and, for new members, someone will be on hand to give a banding demonstration.

Please, come early and bring your lunch. The early bander catches the bird.....

April Meeting

The April Meeting was held at the home of Mr. Don Baldwin, Toronto, on April 14. Our Speaker, Ulrich Watermann was very interesting with his topic of hawk eyries in Germany and his travels in Northern Canada.

There was a large attendance of members.

Membership Secretary Resigns

Mr. R. Tojko has resigned as our Membership Secretary to take a position "Somewhere" in the Arctic, and won't be back until Christmas.

We hope you won't be so busy this summer that you can't send us a few bird notes, Richard. Good Luck.

In the meantime, please send your correspondence regarding membership to the Secretary, Miss Jayne E. Evans, c/o Milland P.U.C., Milland, Ont.
